

## GOVERNMENT MOVES TO MEET THE STRIKE CONDITIONS

### DISTRIBUTION OF COAL AMONG NECESSARY INDUSTRIES TO BE TASK FOR RAILROAD BOARD

Confiscation of Coal in Storage, the Fixing of Minimum Sale Price, Steps to Prevent Profiteering, and Plans for the Protection of Miners Who Wish to Work, are Steps Taken by Federal Authorities in Preparation for Walkout Scheduled for Saturday.

### 100,000 MAY GO OUT IN TRI-STATE REGION

WASHINGTON, Oct. 30.—Federal government agencies moved swiftly today to meet the situation which will result from the strike of soft coal miners Saturday. Developments include:

Orders to railroads to confiscate all coal in transit if necessary to build up a reserve for operation of the roads.

Re-establishment of the priorities list of the Fuel Administration so that the railroads, public service utilities and essential industries will have first call on whatever coal is mined and on that in storage.

Preparation of an executive order establishing maximum prices for coal and completion of plans by the Department of Justice to punish those guilty of profiteering and hoarding.

Announcement by Secretary Lane that the government would not hesitate to curtail consumption of coal in industry 50 per cent so that essential industries might be kept in operation.

General discussion of the situation by President Wilson's cabinet which met in special session at the call of Secretary Lansing.

Working out plans by which miners who wish to continue work will be afforded every possible protection, including that of federal troops should that become necessary.

REVIVAL OF FUEL ADMINISTRATION UNLIKELY.

WASHINGTON, Oct. 30.—Revival of the fuel administration to deal with conditions growing out of the coal strike is not necessary, Dr. Harry A. Garfield advised the President's cabinet today, holding that the wartime powers of that body are now vested in the railroad administration which will have full authority to distribute coal to essential industries.

Members of the cabinet said that if Dr. Garfield's suggestion were adopted it would obviate the necessity of asking Congress for money to reorganize the fuel administration and that the railroad administration could allocate coal in accordance with the preferential list in effect during the coal shortage two years ago.

100,000 REPORTED READY TO QUIT.

PITTSBURGH, Oct. 30.—The dawn of Saturday will find more than 100,000 coal miners of Western and Central Pennsylvania and West Virginia on strike, according to officers of the United Mine Workers of America in the two districts, who declared that the men will obey orders of their leaders to walk out.

While revival of the Fuel Administration had been urged by government officials to prevent hoarding and profiteering, the Department of Justice announced that it had power to handle that situation under the food control act.

An executive order restoring maximum prices for coal will be issued by President Wilson probably today. Officials would not say what maximum had been determined upon.

Secretary Lane announced, as the cabinet met, that the government will not hesitate to curtail the consumption of coal in industries 50 per cent in order that coal on hand and that available from unaffected non-union mines might be equitably distributed to essential industries.

The curtailment list used by the War Industries Board during the war would be taken as the basis for the curtailment of coal in industry. Mr. Lane said. Plants engaged in manufacturing munitions might be cut off altogether.

The supply of coal from non-union mines is sufficient to meet domestic demands and supply the needs of railroads and public utilities, Mr. Lane said. New England has stored away a two-month supply which will take care of all requirements for that period.

At the conclusion of the cabinet meeting Attorney General Palmer announced that the fuel administrator would take control of the handling of the coal and would use his authority under the Lever act to take whatever steps might be necessary to meet the situation.

Community Masquerade.

On Saturday evening Miss Fuller, a community worker, will give a masquerade ball in the lodge rooms at Star Junction. The proceeds "to be used towards the purchase of a community library. Music will be furnished by Kiefer's orchestra and will continue until midnight. Miss Fuller is meeting with great success in the organization of Camp Five girls and other community work. A large crowd is expected at the dance.

Li Sparks in States.

Mr. and Mrs. James E. Sparks of Uniontown, received a telegram Wednesday from their son, Lieutenant Vleg Stewart Sparks, announcing his arrival at Camp Dix, N. J., from overseas. He is accompanied by his wife, a Roumanian girl, daughter of general in the Roumanian army.

All Nominees Elected.

All of the nominees for Red Cross officers were elected at the annual session in Uniontown yesterday.

### LAYTON MAN KILLS WIFE, THEN SHOTS SELF THROUGH HEAD

Tragedy Follows Refusal of Mrs. John Ponchak to Go to New York With Husband.

### TWO LITTLE ONES LEFT

Woman Had Kept Herself and Children Alive By Conducting Boarding House When Ponchak Returned and Demanded She Leave With Him.

For the reason, it is said, that she refused to give up her business as a boarding house keeper and go with him to New York, John Ponchak 43 years old, shot and instantly killed his wife, Katie, 25 years old at Layton, Wednesday afternoon and then blew out his own brains. The tragedy was staged in a room at the boarding house.

The husband and wife had been separated for nine months and the woman had taken in boarders to earn a living for herself and two small children, one four years old, the other 18 months. Keeping the wolf from the door was about the extent of the financial returns from the business.

Three weeks ago the husband, who had been employed at a brick works near Layton, went to New York. He came back yesterday and attempted to force Mrs. Ponchak to return. It is said. When she refused a quarrel followed. The bullet fired at Mrs. Ponchak struck her in the right temple. The man then shot himself in about the same place. The two were alone at the time.

Coroner S. H. Baum of Uniontown was on the scene shortly afterward to conduct an investigation. The bodies were removed to the establishment of Funeral Director Ira Blair at Perryopolis.

### WOMAN'S AUXILIARY

Of Bishop Post to Hold Meeting on Saturday Afternoon.

A request has been made for all the women who have enrolled as members of the Woman's Auxiliary of St. Michael's Episcopal Church to meet at 3 o'clock Saturday afternoon.

The request comes from the committee of the auxiliary appointed at the first meeting to assist the committee of the post in arranging the details of the Armistice Day celebration. There will be something every member can do in connection with this event, especially in connection with preparing and serving the lunch, hence it is urged that every member of the auxiliary will be present.

Membership in the auxiliary continues to grow gradually, new names being added to the roll almost every day.

### FEARING ANOTHER EXPLOSION, RESCUERS LEAVE Y. & O. MINE

Hope Abandoned That 20 Miners Entombed Are Still Alive; Fire Breaks Out.

STREUBENVILLE, O., Oct. 30.—After battling their way to within 150 feet of where 20 miners have been imprisoned since yesterday morning, rescue workers were ordered out of the Y. & O. mine No. 2 at Amsterdam, O., at 6 o'clock this morning by mine officials and state mine inspectors who feared an explosion might occur, according to word received here.

Hope has been abandoned that the miners are alive.

Relief parties worked all night in the gas-filled tunnel. At 2 o'clock this morning they had reached a point 150 feet distant from entry No. 15 West, in which the 20 miners were supposed to be held prisoner.

Fire broke out then behind the rescue party and its members were forced to fight their way through flames and smoke, many narrowly escaping suffocation.

### SIX DEAD IN WRECK

Casualties Heavy in Smackup of Southern Pacific Flyer.

LOS ANGELES, Cal., Oct. 30.—Six dead and about 120 persons injured, some seriously, was the known casualty list today as the result of the wreck of the Southern Pacific Railroad San Joaquin Valley Flyer late yesterday.

The tangled mass of the wreckage near Acton, a few miles from here, was expected to reveal additional bodies.

No official investigation of the wreck had been arranged early today but railroad officials said it was caused by the engineer attempting to make too much speed on a 10-degree curve.

### "PURGERS" TO STAGE BRASS BAND SEARCH FOR "PHANTOMS"; MOST SPECTACULAR FINALE TO FARCE

Of a surety it is now known that the "Phantom Chase" is both "a joke and a bluff." Having satisfied themselves by means of "a careful survey" that "clerical errors" have been responsible for the discrepancies that have been discovered, the evangelists of election light and purity in one ward only, now announce with carefully camouflaged solemnity that they have chosen the most spectacular means possible to provide a finale to the farce they have been staging.

With as great show of virtue as there was of righteous indignation at the "discovery" that W. L. Wright, Andy Bushada, H. E. Dorsey and other prominent citizens and voters had become disembodied spirits, the purgers announce for the "tenth time" that "warrants will be placed in the hands of officers this morning" for 25 "persons" alleged to have been fraudulently registered in the First Ward.

With a plain purpose to imply that a prominent candidate on the Republican ticket is connected with the nefarious plot, it is stated by the News that "the name of Recorder H. C. Hays is mentioned in several informations," but search of the list of names given fails to reveal Mr. Hays as one for whom a warrant has been issued.

Profiting by the sad experience of an earlier phantom fiasco, and well knowing that the "clerical errors" do not even now exist in the flesh, the method of staging a brass band search for them made so tempting an appeal to the "peerless purgers" that they have been unable to resist it.

Of a truth the "Phantom Chase" is the biggest joke and hugest bluff of the New Freedom campaign!

### BLOW FROM AX WIELDED BY "BUDDY" KILLS BANNING MAN

Assaultant at Home But Had Not Been Arrested Up Until Noon Today.

As the result of being struck on the head by an ax in the Banning No. 1 mine of the Pittsburg Coal company at Jacobs Creek Wednesday afternoon, whether with intent or by accident has not been determined—John Kostella, 50 years old, a miner, died this morning at 1:45 o'clock at Mercy hospital, Pittsburg. Death was due to a fracture of the skull.

John Kula, who was a "buddy" of Kostella, is said to have indicted the blow which caused death. He had not been arrested at noon today and was at his home. Kula was an inmate of Dixmont asylum for the insane for a year or more but had been home for a year and a half and employed at the mine.

One story of the affair is that the men quarreled and that Kula struck Kostella with the ax. The blow landed on the left side just above the eye. The wound was made by the pole of the ax. Kula left the mine and returned home, it is said. Kostella was found some time later. He had made his way to another part of the mine. One story is that he was found crawling toward the mouth of the mine.

The injured man was given attention by Dr. J. W. Ferguson of Jacobs Creek and then taken to Pittsburg by the doctor on Baltimore & Ohio train No. 15. To the doctor the injured man said Kula struck him with an ax. He did not say whether it was intentional or an accident. Kula contends it was accidental.

Kula returned to the mine this morning, intending to take up his daily work. He was not permitted to enter, however, and went back home.

Kostella's wife died eight years ago. He leaves three small children, the oldest not yet 11. Kula has a wife and five children.

The body of the dead man was brought this afternoon to the undertaking establishment of J. L. Thompson at Jacobs Creek.

### PROSECUTIONS TO FOLLOW ELECTION FRAUDS IN GEORGES

Citizens Employ Counsel and Order Informations at Meeting on Wednesday Night.

Prosecution was decided at a meeting last evening of a number of leading citizens at the home of John C. Lehman at Oliphant when a committee consisting of Dr. C. W. Conn, Jesse M. Stewart and C. V. Swaney was appointed to institute proceedings. Attorney A. E. Jones of Uniontown, who was counsel for the petitioners in the recent hearing which brought about an exposure of Democratic methods at the polls, was at the meeting and was instructed to proceed as their counsel in the further step that is to be taken.

News that the meeting was to be held was circulated in the township on Tuesday. Among the number who attended the meeting last night the opinion was expressed that the announced intention of prosecutions in Georges township has much to do with the criminal proceedings instituted in the First ward, Uniontown, by E. E. Davidson, defeated candidate for poor director.

Between 25 and 30 citizens who are aroused over the state of affairs in their township and determined there shall be an end to it attended the Georges meeting.

### DAVISON MAKES CHARGE OF IRREGULARITIES IN UNIONTOWN FIRST WARD

Defeated Candidate for Poor Director Makes Information Against Election Officer.

Charges of irregularities in his conduct of the election in the First ward, Uniontown, September 16, are contained in the information made by Elmer E. Davison, defeated Republican candidate for poor director, which was sworn to yesterday before Alderman Matt Allen of Uniontown.

Substance of the information is based upon the result of the recount of the votes cast for council and school director on the city ticket and for sheriff and director of the poor on the county ticket. Mr. LaClair is charged with being "guilty of wilful fraud in the conduct of his duties" by "reading of names on the primary ballots cast by the electors of the said precinct at said primary election, read and called out as having voted for one George H. Krepps, a candidate for the office of director of the poor and house of employment at said primary, a much larger number of votes than had actually been cast for the said George H. Krepps."

Substantially the same charge is made in connection with the reading of the ballots cast for Ira I. Shaw, C. L. Farnon, Clayton A. Rittenhouse, John Q. Adams, J. Arthur Strickler, Harmon D. Hutchinson. The reverse charge of crediting a smaller vote than that cast is made in connection with the count for Dr. A. S. Hagan, Martin F. Murphy and E. E. Davidson. With regard to the Soldiers City ticket, Mr. LaClair is accused of having read "a much larger number of votes than had actually been cast for J. Calvin Core, a candidate for city council on the Democratic ticket. As to Harold D. Kennedy, another councilman candidate on the Democratic ticket, Mr. LaClair is charged with having read and caused to be tallied a smaller number of votes than was cast for him. The same charge is made in the count for Dr. Charles H. Smith, another councilman candidate.

### MILTON SEES CAR BURN

Movie of His Accident Shown in His Room at the Hospital.

C. H. Kinsley, the carman, and C. A. Wagner went to Uniontown yesterday to give a private motion picture exhibition for Tommy Milton, the auto racer, who has been in the Uniontown hospital since Labor Day when his car burned up during the Autumn classic at the Speedway and he was severely injured.

Mr. Kinsley got a fine picture of the burning of Milton's car and it was shown for him in his room at the hospital. Mr. Wagner's small projection machine was used.

Skin grafting on Milton's leg has necessitated his long stay in the hospital.

### CONGRESSMEN TO AID IN SECURING RETURN OF BODIES

Four Pledge Their Efforts Toward Having Soldier Dead Brought Back.

### DETERRED BY FRENCH LAW

Government of That Country Has Not Yet Given Permission to Move Bodies of Americans Buried There, Rep. Wilson States; Others Are Willing.

Replying to a petition from Scotland relatives of soldiers killed and dying in France and buried there that their bodies be brought home as early as possible, several Pennsylvania congressmen, including Samuel A. Kendall, representative of the Fayette-Greene-Somerset district, and John H. Wilson of the Westmoreland-Butler district, have given assurance that they will lead their support to the movement which was launched by J. A. Brookman, father of Floyd Brookman, who was killed in action.

The messages came to Mr. Brookman: Mr. Kendall said:

"Mr. J. A. Brookman, Scotland, Pa. 'The question of whether the bodies of our heroes should be brought back should not be determined by the War Department nor by hasty action on the part of Congress. But it should be determined upon the wishes of the stricken parents and relatives of our brave lads who gave their lives to the cause. The parents and relatives of the Scottsdale and vicinity boys want the remains of their loved ones brought to America and in that wish they will have my heartiest support. Convey this message to all other signers of the petition sent me with the promise that I shall cooperate in every way to carry out their wishes.'"

From Congressman Wilson came the following:

"I beg to acknowledge receipt of communication, dated October 22, petitioning for the return of the bodies of our soldiers who died in France."

"I will be very glad indeed to submit this petition to the adjutant general, requesting his favorable consideration of same. However, only a day or two ago I had this same matter up with him and was advised that on October 8 a general order was issued by the secretary of war, upon receipt of request from the nearest of kin of the deceased soldier, bodies would be brought back from Italy, Belgium, Germany, Luxembourg and Northern Russia. However, the French law, prohibiting the removal of bodies from that territory, is still in effect, and, although some agreement has been made between the United States government and the French government whereby the bodies may be brought back after a certain period of time, probably three years, this is not as yet definitely decided."

"I will take this matter up at once with adjutant general of the Army and upon receipt of a written report from him will immediately communicate with you."

"With kind regards, and assuring you of my desire to serve you in this matter, I remain,

"Very truly yours,

"JOHN H. WILSON."

Congressman Stephen G. Porter, Pittsburg, replied as follows:

"I have received a circular letter signed by yourself and various other residents of Scottsdale, petitioning for the return to the United States of the remains of the United States soldier dead from France."

"This committee has been hearing for sometime testimony on this subject. Personally, and I speak for many members of the committee, I am in hearty favor of this action. The United States government is now awaiting action by the French government in connection with this matter, and it is the hope that this committee will arrive at a definite conclusion at the earliest possible date."

"Promise of cooperation came from Congressman H. M. Garland of Pittsburg in the following letter:

"I have your appeal which is also signed by the parent or relative of eight others of our boys who fell on the battlefields of France, asking that their bodies be returned to the United States; and I have taken this matter up with the War Department, and will be glad to inform you as soon as I have a report from them that such action will be taken."

### Demented Soldier Improves.

Frank Klossowicz, a returned soldier, who announced at Markleton that he was "The Christ and had come down from heaven," and who later was committed to the Somerset county jail, has been removed to the county home at that place. According to reports, his condition is much improved. Klossowicz is suffering from shell shock.

## Successful Halloween Party

Large and successful was the fourth annual Halloween party of the Woman's Guild of the Trinity Episcopal church held last evening in the Fellowship Temple. The proceeds to be for the benefit of the church building fund. Halloween appointments were artistically carried out and amusements in keeping with the occasion were provided for the entertainment of the many guests. J. W. Greaves was master of ceremonies. "Aunt Dinah" was awarded a box of candy offered for the most popular masked guest, and William C. Hoffman and Donaid Trump each won a box of candy for winning the boys' peanut race.

One of the most delightful features of the evening was a musical program as follows: Vocal solo, "A Ducky Lullaby," Miss Christine Davis; "Vendy's Dream" by a masked trio composed of Cora Charlesworth, Katie Huey and Emma Weisberger; vocal solo, "Somewhere a Voice is Calling," Mrs. William Griffin; piano solo, Miss Pauline Koser; vocal solo, "What a Pal is Mary," John Davis; vocal solo, "The American Song," Prof. E. W. Haviland; vocal solo, "September," Mrs. L. W. Myers; piano solo, Mrs. Harry Myers; vocal solo, "The Five," Herbert Pratt. Every number of the program was well rendered and was thoroughly enjoyed. There was a great demand for home-made candy, cakes and other edibles on sale on the third floor. The committee in charge of the party deserve great credit for the successful manner in which it was carried out. While the exact amount of the proceeds is not known it was stated this morning that 150 tickets were collected at the door.

Miss Humbert is a popular member of the younger social set here. Miss Henderson is one of the most widely known young men of Uniontown. Her father, who is a prominent coal and coke operator of Uniontown.

## Brilliant Dance at Armory

The City Fraternity added another to its long list of successful dances last night when a Halloween party was given at the armory which was generally acclaimed the most enjoyable affair of its kind held here in years. One hundred and forty couples attended. The decorations were a feature of the event and they were so cleverly carried out as to reflect credit upon the committee responsible for them. The orchestra played from an enclosure in the center of the hall instead of from its usual place in the balcony. Points of interest by candlelight marked the ability of the musician's domain and above it was a large yellow representation of a pumpkin, fantastically painted, and enclosing an electric lamp. Leading to the central jack-o'-lantern were yellow streamers, each connecting with a large artificial half pumpkin on the wall. These were placed at intervals about the hall and each contained a light. White covers bearing the letters "H" in a diamond-shaped border, were placed on the benches where the guests rested between dances. During some of the waltzes, the border lights were extinguished leaving the hall illuminated only by the mellow glow from the central jack-o'-lantern.

At the conclusion of the grand march led by William Bixler, president of the fraternity, and Miss Helen Bixler, little Misses Annette Duh, Ananah Dary, Nellie Berkey and Mildred Weisberger, appearing in clown costumes, distributed the attractive dance program among the guests. Kiefer's six piece orchestra played and the general consensus of opinion was that the popular violinist and big musicians never better. The music proving to be one of the most delightful features of the dance. Light refreshments were served. The general committee on arrangements was composed of William J. Bixler, James A. Darr and Robert Adams. Other committees were: Dr. Goring, Edward Sudziak, J. W. Driscoll, J. Howard Robinson, and Paul S. McDonald; Inflation, David C. Randolph, James M. Driscoll, G. Carr Sheetz and Oliver P. Moser. A large number of out of town guests attended.

For several years the office of Alderman W. D. Gilborn in that building had been used but the remodeling in progress made it impossible at primary election time.

In the Second ward the election will be held in the office of Alderman Fred Munk.

## C. H. S. ELEVEN IS SHAPING WELL FOR SATURDAY'S GAME

All indications are that Coach Folk's Squad Will Give Good Account of Itself at Scottdale.

"The high school football team is fast rounding into shape for the annual game with the Scottdale high school at Scottdale Saturday afternoon. The team has been working hard every day this week. Blackboard drills have been given to acquaint the players with the theory of the play and much work has taken place on the field to work out the theory. A hard scrimmage has been held every evening this week. A number of former high school players were on hand Tuesday evening to strengthen the opposition offered by the reserve team.

Coach E. L. Folk seems to have finally found the right backfield combination in Butano, Walpkey, Francis and Danner, Walpkey, the freshman, and Francis, who has but recently been shifted to the back field, have shown wonderful improvement and this combination is expected to give a good account of itself Saturday. Melnick, Tumney and Tomaska at end, back and guard respectively, have been given much attention by the coach and his assistants this week and may start the game Saturday.

A large crowd of both students and townspeople will attend the game. The West Penn will run extra cars from the Connelville waiting room at 1:30 P. M., and ample accommodations will be made for the return after the game. The game starts at 2:30 P. M.

"Beat Connelville" is the inscription in large letters on big tags which the Scottdale high school students are wearing this week. That Scottdale is bending every effort to vanquish the local high school team in Saturday's game at Scottdale is apparent from the adoption of this slogan.

"They may as well tear those tags off right now for we're going to win," a member of the team stated and from the improvement shown in this week's practices, it appears as if he may be right. Anyway, it will be a good game and a big crowd will be present.

## The Grim Reaper

MISS SUE R. NEWMYER.

Word has been received here of the death of Miss Sue R. Newmyer, which occurred Tuesday night at her home in Toulon, Ill. Miss Newmyer was born and reared in Lower Tyrone township, a daughter of the late David and Rachel Hubbs Newmyer, who were pioneer residents of that township. Miss Newmyer resided in Lower Tyrone township until about 50 years ago when she left for Toulon, where she lived with her sister, Mrs. Anna Callison. A brother, Samuel Newmyer of Nebraska, also survives. The deceased was very well known in and about Dawson, having a number of relatives in that section. Funeral services were held this afternoon.

## MISS MARGARET BLACKSTONE.

The body of Miss Margaret Blackstone was brought here this morning from Morgantown, W. Va., and removed to the Trinity Episcopal church house in East Fairview avenue, from which place services were held. Rev. Rogers, the rector officiated. A number of relatives and friends of the deceased, from Connelville and vicinity attended. The pallbearers were: Ross Reid, John Rogers, J. T. Johnston, George Rogers, George Blackstone and W. C. Reynolds. The interment was made in Hill Grove cemetery.

## MICHAEL PRUDENTI.

Michael Prudenti, 41 years old, a laborer for the West Penn Railways company, died Wednesday night at the family residence in Tenth street, West Side. Funeral tomorrow morning from St. Rita's Catholic church on the West Side. Rev. Father Henry DeVito will officiate. Interment in St. Joseph's cemetery.

## MARIE COSCHECK.

Marie Coscheck, six months old, daughter of Frank and Nellie Coscheck, died last night at the family residence at Juniata.

## Falls Down Stairs; Dies.

A short time after he had attended the funeral of his sister, Frank T. McKee, 56 years old, a well known citizen of Conner's Mills, Pa., and a brother of Mrs. C. L. E. Cawwright, wife of Rev. Cawwright of Pittsburg, and a former well known Scottdale resident, fell down a flight of stairs in a Pittsburg hotel and died at the Allegheny General hospital. His skull was fractured.

## Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of J. C. Fletch-er as it contains no opiates or narcotics of any kind. Genuine Castoria always bears the signature of J. C. Fletch-er.

## Overdoing

## How American Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

## Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine."

Special to The Courier.  
MOUNT PLEASANT, Oct. 29.—William Queer, son of Mr. and Mrs. Samuel Queer, and Miss Mary Blaine, daughter of Mrs. Barbara Blaine, were married at 3 o'clock yesterday afternoon at the Church of God parsonage by the Rev. S. Palmer. Following the ceremony, Mr. and Mrs. Queer left on a wedding trip and are expected to return here on Wednesday. They will be home in their newly furnished home on Washington street.

Arthur J. Williams, aged 55 years, died at the Memorial hospital last evening following an attack of pneumonia. He is survived by two brothers, Tom Williams of Pittsburgh and George Williams of this place, and one sister, Mrs. Jesse Friedline of Nashville. Funeral arrangements will be made later.

## POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Ob-  
stinate Case of Piles in Few Days.  
For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.  
This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 25 to 50 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent cause of piles is absorbed, never to return.  
The Connelville Drug Co. dispense Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.  
IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.—Adv.

More Than Enough Is Too Much.  
To maintain health a mature man or woman needs just enough food to repair the bodily waste and provide energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach trouble, rheumatism and disorders of the kidneys. If troubled with indigestion revise your diet, eat sparingly especially of meats, masticate your food thoroughly. Let reason, not appetite, control food. Immediately after supper and you will soon be feeling all right again.—Adv.

## QUICK RELIEF FROM CONSTIPATION

Dr. Edwards' Olive Tablets

That is the joyful cry of thousands of Dr. Edwards' produced Olive Tablets, the substitute for calomel.

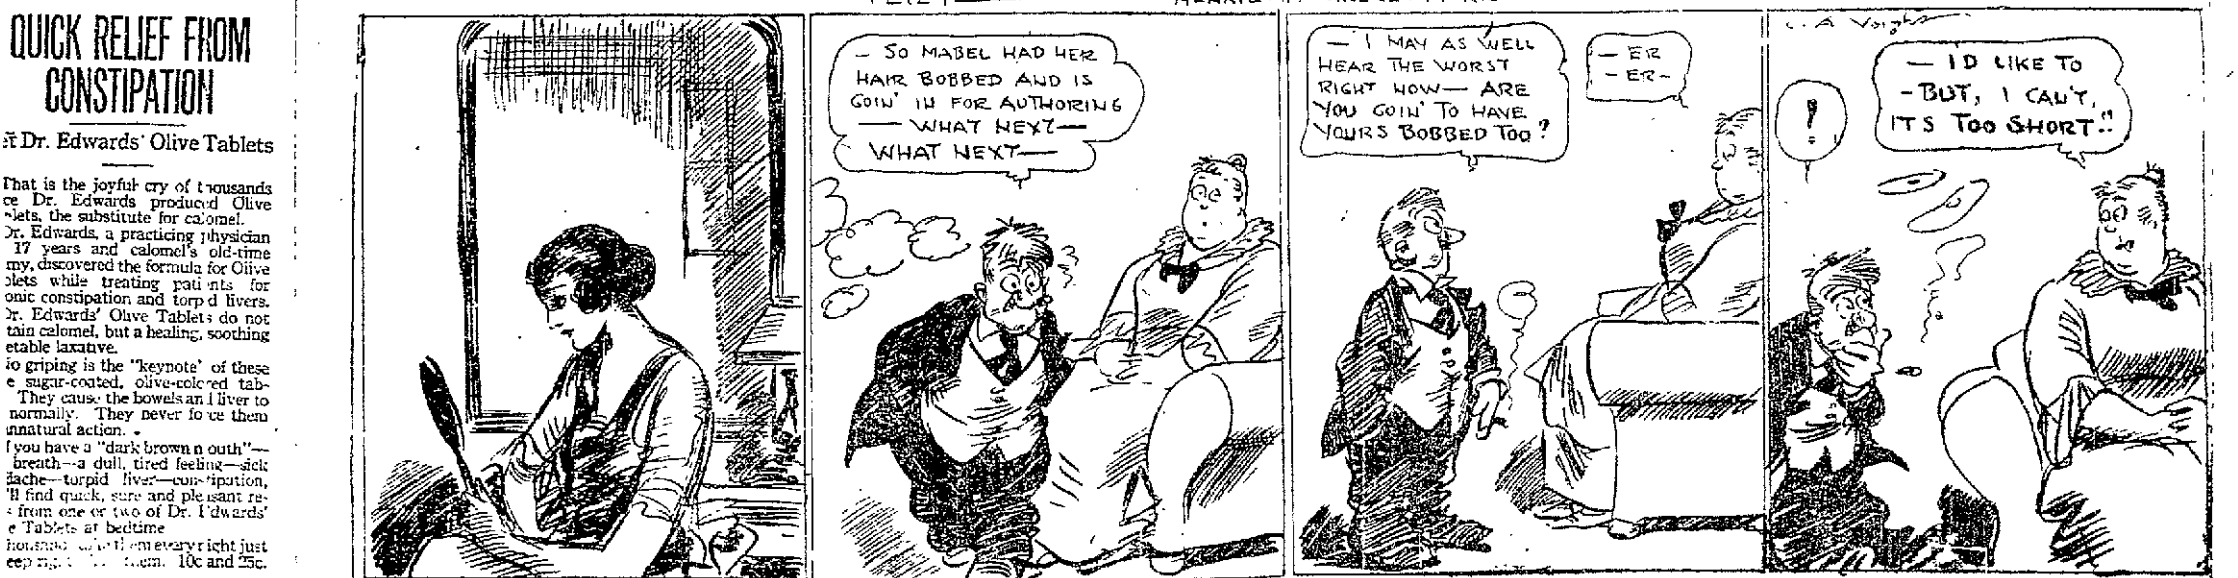

Dr. Edwards, a practicing physician 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for one constipation and torpid livers.

Dr. Edwards' Olive Tablets do not stain calomel, but a healing, soothing, stable laxative.

It is the "keynote" of these sugar-coated, olive-colored tablets. They cause the bowels to live to normal. They never to be them unnatural action.

If you have a "dark brown mouth," breath—a dull, tired feeling—sick headache—torpid liver—constipation, find quick, sure and pleasant relief from one or two of Dr. Edwards' Olive Tablets at bedtime.

## THE GULF STREAM MIGHTIEST RIVER OF THEM ALL: THEORIES AS TO ITS CAUSE ARE MANY

Special to The Courier.

WASHINGTON, Oct. 29.—Recent reports of seamen concerning the present excessive temperature of the waters of the Gulf Stream, to which some experts attribute the heat wave along the Atlantic coast, prompted the National Geographic Society to issue a bulletin concerning this mighty current.

The bulletin, based on a communication from Rear Admiral John E. Pillsbury, U. S. N., president of the National Geographic Society and the world's foremost authority on the Gulf Stream, follows:

"The Gulf Stream is probably the greatest and most mighty of any terrestrial phenomenon. Its waters are characterized by a deep indigo blue color of great cleanness and high temperature. It can be penetrated by the eye to considerable depths, and generally its meeting with the less saline polar waters can be at once distinguished.

"It is difficult for the mind to grasp the immensity of this great ocean river. The Straits of Florida at its narrowest point is about 40 miles wide. A calculation of the average volume of water passing in one hour gives the enormous sum of 90 billion tons. If this one single hour's flow of water could be evaporated the remaining salts would require many times more than all the ships in the world to carry it.

"When one is on board a vessel floating upon its waters, one is not as much impressed at the power and grandeur of this wonder of nature as he is when he stands before a towering mountain, an immense iceberg, or a fall of water such as Niagara. But when one remembers that the mighty torrent, speeding on hour by hour and day by day in a volume equal to all the largest rivers in the world combined, carrying its beneficent heat to temper the climate of continents, one begins to realize that of all the forces of the physical world none can equal this one river of the ocean.

"Once de Leon, while on his famous search for the Fountain of Youth, made the discovery of this great stream. After his failure to find on the coast of upper Florida the means of cheating death, he turned to the southward and skirted the shore for hundreds of miles, thus stemming the current.

"The name of Gulf Stream was first suggested by Benjamin Franklin, because it issues from the Gulf of Mexico. While it is only a part of the great stream of ocean circulation, and the Gulf of Mexico is in reality only a stopping place, as it were, for its waters, this name is generally applied to the current now as it was given by Franklin—that is, the current coming from the Gulf of Mexico and extending abroad over the North Atlantic.

"The theories as to the cause of ocean currents have been many. Franklin's theory, which has many advocates at the present day, was that the winds produce the current; by the air moving over the surface of the water, and he illustrated this theory by the following: 'It is known that a large piece of water 10 miles broad and generally only three feet deep, has by a strong wind had its water driven to one side and sustained so as to become six feet deep, while the windward side was laid dry.' As will be seen later, this is a well-taken example of the force of the wind in causing the Gulf Stream but it does not quite show the whole truth.

"In the tropical regions there is a steady movement of the air from east to west known as the trade winds. South of a certain line situated near the equator these winds flow from a southwesterly direction, while north of the equator they come from a northeasterly direction. The winds are not always strong, nor are they constant in direction, but they do vary much, and then only for brief periods.

"Winds blowing over the surface of the water induce a current in the latter due to friction. At first it is only the merest skin that moves, but gradually the motion is communicated from layer to layer until at last if the wind is long continued as in the trade wind region, the movement extends to lower depths, 200 or 400 feet, or perhaps more.

"These trade wind currents meet finally, the partial barrier of the islands forming the eastern part of the Caribbean, and a portion of the flow escapes through the passages between them. From here it continues its course across the sea until it reaches the obstruction of the Honduras and Yucatan coasts, from which it escapes by the easier route, which is into the Gulf of Mexico.

"It has been found, however, that the water entering the Caribbean by this means is not more than one-half of the amount which flows through the Straits of Florida from the Gulf of Mexico, and the other half is supplied from a source which does not come under the head of a measurable current. The other source is the wave caused by the wind. Every ripple carries a certain amount of water in the direction toward which it is flowing, irrespective of the current caused by its friction, and when the waves become large, tons of water are hurled from the crest into the trough every time the wave breaks.

"In a large area like the Caribbean, having a constantly constant wind blowing over its whole surface, this action is practically a simultaneous movement of its surface waters to the westward and a consequent escape of the water helped up in the direction offered by the land into the Gulf of Mexico, through the Straits of Florida

and into the Atlantic.

"The Gulf Stream would be little felt on the coast of Europe did it not receive a great addition to its volume of heat when en route. This is by means of a gentle flow from the northeast trade wind current that passes on side the Caribbean Island and the Bahamas. The surface temperature of this outside current is about the same in its passage along the West Indian Islands as the Gulf Stream in the Straits of Florida, but it is less violent in its movements and there is less intermingling of its upper and lower waters, so that it arrives off Cape Hatteras with a much higher temperature than that of the more turbulent Gulf Stream."

## SENNETT BATHING GIRLS AN EYEFUL, LOCAL FOLKS SAY

Five Pretty Young Women Pose and Parade in Person at the Soisson Theatre.

Well, the Mack Sennett Bathing Beauties have at last hit Conneville—int. it hard, you might say. When the famous comedy specialist was prevailed upon to allow a few of his force of fair ones to make a tour of the country appearing in person in connection with the film "Yankee Doodle in Berlin," it was felt that he would not permit them to return West and report that they had not shown off their charms in the Young metropolis. The girls themselves would not have been satisfied. But it remained for C. A. Wagner of the Soisson to attend to the details of their coming and, incidentally, it was a happy arrangement for Mr. Wagner for it looked yesterday as though he'd have to expand his house to take care of the crowds.

The appearance of the bathing beauties was very successful, it might be added, and if you want confirmation ask any of the old-Young fellows who went early and got seats in the very front row—you know, what used to be called "balldance row" in the old days when stage shows came to town. Why, it is said, that an out-of-town resident went early in the afternoon and took his lunch. After seeing the girls twice, he announced his intention of remaining during the supper hour. "There ain't no sense in that," remarked a friend; "they won't be on again until 8:15." "That's all right, but I ain't takin' no chances," was the reply; "they might come out while I wasn't here."

Five pretty young women were presented in a series of artistic poses, wearing the daring one-piece bathing suits which caused a good deal of their fame and they surely were an eye-ful. One really needed more than two eyes. Trying to regulate one's vision with the faces, the bathing beauties, and, or—the rest of the picture, is a little as trying to see all that's going on in a three-ring circus. The writer confesses that he will have to go again to make sure he didn't miss anything.

The girls pose on a raised platform which revolves slowly. Their poses over, they do a sort of Bathing Beach Glide to the footlights and thence to the wings. One very pretty grouping of four was called "A California Rainbow." "The Sun Bath" and "An Ocean Vamp" were other effective pictures. One of the misses does what is billed as a "Dance Ecceitricus." After seeing it, one decides to be off Ruth St. Denis and Gertrude Hoffman and the rest of them for life. This eccentric dancing is very interesting, even if it is done all with the feet.

As a finale, the five beauties parade slowly across the stage, so that one may see they are all there and make comparisons. The latter is very hard to do, however.

The five reel comedy "Yankee Doodle in Berlin" is accompanied by a short reel "Why Bathing Beauties Are Popular," in which the entire body of Sennett girls appears.

The show winds up a two-day stand tonight.

# Miller Tires Cost Less Per Mile

ON passenger and commercial cars, competing against every leading make, Millers prove lowest in cost per mile.

Millers have proved their case, not by the unusual mileage of one or two tires. Each is a long distance runner. Casing after casing these tires have out-run all standard mileage guarantees.

### All Wear Alike

Only by building every one the same has Miller produced tires that wear alike under the same conditions. Each, regardless of the mileage run, is guaranteed against defects in workmanship and materials.

Besides giving you uniform long distance mileage, you get the famous Geared-to-the-Road Tread. This cog-like tread gives you positive traction on wet roads and pavements and prevents spinning and slipping.

## At the Theatres

## THE PARAMOUNT

"THE OAKDALE AFFAIR"—Featuring Evelyn Greely, Oscar Apfel and Edgar Rice Burroughs, a wonderful trio, is being shown today.

"The Oakdale Affair" is a mystery play made for the average theatre patron. It affords real entertainment. There is not a heavy or dull moment in the picture. The action is rapid and filled with fast-moving punch that gets an audience right at the start and holds it tense all the time the picture is being screened.

The mystery is deep and would puzzle even Sherlock Holmes. But isn't the kind that tries your audience. Director Apfel took care that only an element of that tantalizing uncertainty that holds the audience was introduced.

Gail Prim runs away from home, taking with her jewels and some money. She joins a band of tramps and poses as a noted criminal. Her father believes that she has been kidnapped by the thieves who robbed her jewel case. The story ends with Gail in jail after many thrilling adventures. Her father comes and easily proves her innocence of any crime and she returns home.

With an excellent cast, headed by Evelyn Greely, this is one of the best pictures yet.

An interesting weekly review is also being shown.

## THE SOISSION

"YANKEE DOODLE IN BERLIN"—Mack Sennett's latest success, with six of the Sennett bathing beauties appearing in person, is being shown today.

Bigger even than Sennett's recent success "Mickey," comes now his latest screen feature—"Yankee Doodle in Berlin," and in it Sennett, while resuming his role of humorist, satirist and burlesque expert, appears in the role of a prophet of patriotism and a first aid to history, for Sennett has shown up the Kaiser in his true colors.

No longer is the "bogie" man running amuck among the nations this huge bluff, whose evil and whose friends together with the might of a deluded, maddened people, enabled the pigmy to camouflage himself successfully in the habitations of Attila the original Hun—Mr. Sennett's humor in short is "pegged," his "number" is registered, his "goal" is reached to run around and butt him and the author of the six safety-first sons is shown as all cruel despots are always found at heart to be—rank, craven cowards.

How this somewhat serious scheme is developed in an atmosphere of burlesque and travesty, satire and ridicule, is Mr. Sennett's secret. He is the only picture producer who could accomplish it, and that he has done it is asserted by all who have seen this masterpiece.

## POPULAR MACHINIST THANKS TEN-HERBS FOR GOOD HEALTH

Joseph Majes, 839 S. Canal Street, Pittsburg, Says Ten-Herbs Did the Work.

"For a number of years I have been a great sufferer with my stomach," stated Mr. Joseph Majes, of 839 South Canal street, Pittsburg, Pa., a well-known machinist, to the Ten-Herbs Man, who is introducing the new herbal preparation, Ten-Herbs.

"My stomach was in such a weak condition that I could not keep down the lightest kind of food and it would ferment and cause gas to form. I had to be very careful about what I ate and I was so nervous that I could never get a good night's sleep. I had palpitation of the heart, shortness of breath, my liver was inactive and I had terrible pains in my back; I was always constipated and could never find any medicine to give me relief until I began to take your Ten-Herbs. My appetite is good. I sleep well at night and am not as nervous as I was. It has relieved my constipation and the pains in my back. I feel better in every way."

There are numerous symptoms of this trouble that Ten-Herbs can relieve. In fact any one of the following may denote affections of the stomach: Indigestion, dyspepsia, bad breath, sick, shuddering headaches, that tired feeling, night sweats, poor circulation, constiveness, a coated tongue or a poor complexion.

Ten-Herbs is a vegetable preparation, extracted from the roots, herbs, barks, berries and fibers of numerous medicinal plants. It is nature's own remedy and works wonders. It gives almost immediate benefit and leads to permanent relief in practically every case where people suffer as above outlined.

Ten-Herbs is sold in Connelleville at the Connelleville Drug Co. Store.—Adv.

## Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless, mildness."

—says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unquenchable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity. People who want to try this new treatment can make a pint in a few minutes.

Four one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

## FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store and get a large tube of SENECA TOOTH PASTE for 25 cents.

Not only will it make your teeth clean and white, but it will at once remove any film causing help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its salt has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENECA. It's a most delightful and refreshing tooth paste.

Instant Relief! Rub This Nerve Torture and Misery Right Out With "St. Jacobs Lintment"

Rub this soothing, penetrating liniment right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacobs Lintment" conquers pain. It is a harmless "neuralgia relief" which doesn't burn or discolor the skin.

Don't suffer! It's so needless. Get a small trial bottle from any drug store and gently rub the "aching nerves" and in just a moment you will be absolutely free from pain and suffering.

No difference whether your pain or neuralgia is in the face, head or any part of the body you get instant relief with this old-time, honest pain destroyer—it can not injure.—Adv.

### BIT OF WAR ZONE IS REPRODUCED FOR THE Y. M. C. A. CONVENTION

Replica of Shell-Shattered Cottage to Be Set Up Near Meeting Hall in Detroit.

Special to The Courier.

DETROIT, MIC., Oct. 29.—A little bit of shell-torn France will be

transplanted to Detroit next month for the 40th international convention of the Young Men's Christian Association of North America, to be held in that city from November 10 to 23.

An exact replica of a shell-shattered peasant's cottage, one which like scores of others, served as quarters for the Y. M. C. A. near the front during the days of the American advance, will be set up near the convention hall. To assure verisimilitude,

giant chocolate marmites and other equipment are being shipped from France for installation in the hut, and Miss Gertrude Ely, the pioneer canteen worker, who served with the First Division and was decorated for her bravery, will head the group of blue-uniformed girls who will serve hot chocolate to the delegates from every part of the United States and Canada where the association is active.

A French stove will be used to heat the building and the interior decorations will be such as were to be seen in the emergency huts scattered up and down the line in the days preceding the signing of the armistice. Five thousand delegates are expected to attend the convention which will consider the questions relative to the extension of work of the association along the lines opened by the war and to meet the problems of reconstruction.

### Vanderbilt.

VANDERBILT, Oct. 29.—Last Sunday morning as the people of the Vanderbilt Methodist church entered the building they were confronted with a miniature forest in the front part of the church around the altar. The young people of the church gathered a number of small trees and

limbs covered with select autumn leaves. The combination of variegated leaves together with the red and white berries, ferns and fall flowers brought by the ladies of the church gave the appearance of an autumn woodland. In keeping with the spirit of the autumn service the choir sang "The Church in the Wilderness." The pastor, Rev. R. B. Dyar, gave a special sermon on "Lessons From the Wilderness."

## Diamond Cut Diamond

By JANE BUNKER

Copyright by the Bobbs-Merrill Company.

I fear I gave a start at this information, for he threw himself back with a self-satisfied smile as much as to say, "I thought that would astonish you," and drew a card from his pocket, removing a clipping torn from the "Personals" in the Herald and pointing to one notice, marked with pencil on the margin.

I read it: "Large reward for name of person recently offering special set of matched stones. State number and color. Box 32, Herald Office."

I returned it to him without comment—I tried to appear ignorant of what it might mean.

"I have inserted it three times," he went on smugly. "I do so because I argue to myself as follows: Ze diamonds are found by Madame Delario and she say to herself: 'Probably somebody play a joke on me—ze are not real, zeze jewels—ze are paste. Still, ze may be worse something even so, and I will take zem to a dealer and find out.'"

He paused to laugh and under cover of it gave me a look with his heavy eyes—which I fancy told him nothing.

"Now zen, I ask myself, where does she take zem first? Probably to Tiffany. I have myself inquired zero, but without result. And I realize I cannot interview every dealer in ze city—also it is not well for me to be seen too much looking for zome stones. Therefore I have insert ze notice and I receive more zan fifty replies. All worthless but one—"

He produced a shabby scrap of paper, saying it was a veritable clue, and gave it to me to read.

"I can give you name and address of party offering seven large red stones last Saturday. Address by letter only. Haskins, 1861 Third avenue, Box 7."

"I see at once I have something of value. I have received zis on Saturday morning. But before I have ze diamonds, I have ze letters—he gave a little shrug to indicate that he referred to the letter which he had received from Haskins and said I sink I have not only ze clue, but zut I can obtain ze diamonds without to inquire of zis Haskins. So I make my endeavor—as you know—wis ze result—"

He stopped a moment and I saw he was making an effort to keep down his mortification—and probably his hate—and I hastened to help him do both by telling him, cordially: "I'm really awfully sorry, monsieur, but then—what else could I do?"

"Ah, madame, it is no more to mention between us," he returned gallantly. "But—you American ladies! So energetic! One knows not how to take you!"

"I suppose we are puzzling—to foreigners."

"Puzzling! I have said I know something of ze ladies and of ze Americans, since my wife is herself a Norican, but I find since I am come to zis country I have much to learn. Out!" and he gave me a little laugh, showing he meant me to take this in a complimentary way.

"And now I may tell you zat I have ze name and ze address of ze one who have zome diamonds in his possession: It is Mr. Eugene Delario—ze young son of Madame Delario—who offers—or at least seeks to have valued—zome diamonds last Saturday at a dealer's on Maiden Lane."

It has always been a mystery to me that I managed to control—I think I did—every facial expression—that might have shown him I already knew what he told me. But monsieur went on, apparently not noticing anything about me:

"You know ze son of Madame Delario?—Monsieur Eugene?"

"I have never met him—no."

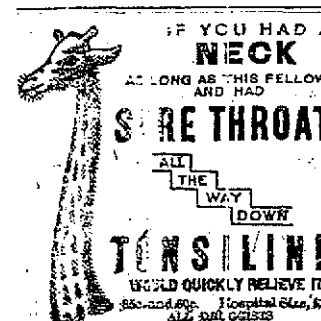

"Well—it is of no consequence—I know of a certainty it is ze son of Madame Delario who have shown zome diamonds last Saturday—and he don't know ze diamonds! Out! And after I have zis information, I argue zis way: Since I have her so positive denial, it is her son who have accidentally discover zome diamonds unknown to her and he says so—You see? All is now explained."

"But, monsieur, are you sure of this man Haskins? I questioned, 'Are you sure he wasn't lying for the reward?'—that all he told you wasn't a mere coincidence?"

"Bak!" he cried in a tone of disgust and some contempt for me. "Confidence! Madame, you must know zat when you find more zan zee coincidences in a case you have—circumstantial evidence! When you have sufficient circumstantial evidence you have—proof. And when you have ze proof of a crime—you are set!"

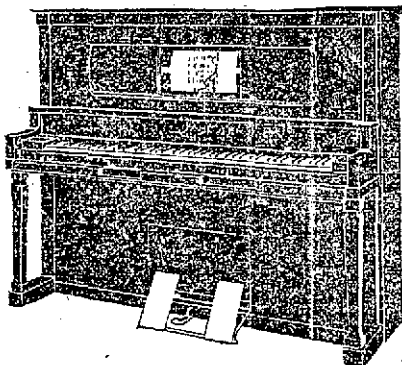

He shot this off in a fierce determined tone and I saw he was ready to spring the mine under the Delarios, mother and son. To gain time, I asked: "But are these coincidences sufficient—are they evidence?"

"Bak!" he cried again. "Zey are sufficient for any court!" He leaned

## How Are Your Kidneys? Asks Dr. Carey, Specialist

Famous Kidney and Bladder Physician Retiring From Active Practice Appoints C. Roy Hetzel Agent in This Vicinity For His Great Medicine, Marshroot.

During his forty years of constant practice, Dr. Dania G. Carey has helped many thousands of despairing kidney diseased men and women in all sections of the country to regain robust health. Don't take any chances with your kidneys. If you have the faintest suspicion that your kidneys are weak or your bladder is irritated, the first thing you can do is to get a bottle of Dr. Carey's Marshroot at once.

Remember, Marshroot is not a cure-all or potent medicine, but is Dr. Carey's most wonderful prescription, which he now gives to all the world and his army of patients only because he has decided to retire from active practice.

The latest signals often indicate that the kidneys are ailing and need Dr. Carey's Marshroot.

Dry skin for instance, and little specks floating before the eyes.

Sometimes the feet feel heavy, as if your shoes were full of lead.

Often the joints ache or you have quick, darting pains shooting through the back or side. Then again that frequent desire to empty the bladder, cold, clammy feet and just a little puffiness under the eyes.

Consequently the hands or feet swell slightly and the palms of the hands are moist.

No regular practicing physician has devoted more time to the study of kidney and bladder diseases than Dr. Carey. He himself asserts that many thousands of cases of Bright's disease and even diabetes could have been cured by Marshroot, if it had been taken in time. Hereafter you can always get this effective prescription at C. Roy Hetzel and all reliable pharmacists the country over. Keep in mind the name, Dr. Carey's Marshroot. No other medicine can take its place.

## HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat, If You Feel Backache or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. "This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness."

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications. —Adv.

## GOVERNOR SPROUL TO HEAD OF STATE ORGANIZATION FOR HANDLING SALE OF XMAS SEALS

HARRISBURG, Oct. 28.—Governor W. J. C. Sproul has accepted the honorary chairmanship of the State Committee sponsoring the sale of the Red Cross Christmas seals in Pennsylvania, and E. J. Stackpole, of this city, has consented to act as the active state chairman. This announcement was made today by Dr. Thomas McCracken, president of the Pennsylvania Society for the Prevention of Tuberculosis. Mr. Stackpole was the unanimous choice of the members of the state committee. He is the owner of the Harrisburg Telegraph, president of the Harrisburg Chamber of Commerce, president of the Association of Banks of this state, and has long been prominent in state affairs.

Red Cross Christmas seals finance the work of the organized private agencies in the state that are fighting the white plague. Chairman E. J. Stackpole was one of the first newspaper men in the state to recognize the worth of the mission of the Red Cross Christmas seal.

"The seal sale," he said today, "is more than a charity. It represents a work of prime importance. If we are to conquer tuberculosis, it is necessary that private agencies supplement the activities of the state. The extent of the tuberculosis problem can be better understood when it is realized that there are 50,000 cases in the state that are not now receiving treatment. That figure is based upon the investigations made by the state and by the showing of the draft board figures. More than 3,000 men were rejected of tuberculosis but did not know they had the disease were rejected for army service. This condition can only be corrected as a result of an educational drive, as a result of a general cooperation upon the part of the public with the state authorities."

"The Red Cross Seal has become an institution. It represents a cause to which people generally are glad to contribute. The state outside of Philadelphia and Pitsburg is pleased to sell 30,000,000 seals. That should

be an every task. It only represents a few hundred dollar sale."

The letter of Governor Sproul to Dr. Thomas McCracken, president of the Pennsylvania Society for the Prevention of Tuberculosis, warmly endorsing this work and is as follows:

"I have your kind favor of several days ago, inviting me to act as the honorary chairman of the committee in charge of your coming Red Cross Seal drive, and assure you that it will give me pleasure to serve in that capacity in your valuable campaign for the prevention of tuberculosis."

Lay a bet on rolling 'em with

PRINCE ALBERT the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joyous a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin's cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

You'll like Prince Albert in a mummy pipe as much as you do in a home rolled cigarette too! Bire and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokesport will ripple your way every time you fill up!
